Fourth Drug Take-Back Event Collects 2,824 Lbs of Medication

Project Rx & DEA Successfully Continue Proper Disposal campaigns

Greenville, S.C. (May 1, 2012)—Project Rx: A River Remedy, a community-driven medication collection, held its fourth event collecting 2,824 lbs of medication from Upstate residents. The event was held at 22 locations across the Upstate in conjunction with the U.S. Drug Enforcement Administration's (DEA) Drug-Take Day.

The numerous law enforcement agencies involved provided local drop-off points in addition to the three educational sites supported by Project Rx. The educational community taskforce partners include Bon Secours St. Francis Health System, Greenville County Sheriff's Office, Greenville Family Partnership Greenville Technical College, Renewable Water Resources and the DEA.

The numerous law enforcement agencies involved provided local drop-off points in addition to the three educational sites supported by Project Rx. The educational

The collected medication will be disposed of through secure incineration with law enforcement, which is the most environmentally-preferred method. Notables from the collected materials included medications dating back to 1971 and from as far as Germany and China.

Since the inaugural event in November 2010, the semi-annual medication collection events have yielded a total of 5,537 lbs of medication for safe disposal.

Project Rx supporting organizations include Carolinas Institute for Community Policing, Greenville County Medical Society, Greenville Journal, The Greenville News, Greenville Water, Indexx, SC Pharmacy Association, Senior Action, Upstate Forever, Upstate Parent and Whole Foods Market. These organizations provide donations, monetary or in-kind, to support event promotion and operations, such as advertisements, printing or recycling the #5 plastic pill bottles.

The planning committee thanks all of the volunteers and the members of the Greenville community for attending the event. The Project Rx event will continue semi-annually and the next date will be announced in the coming months.

Project Rx: A River Remedy

Project Rx: A River Remedy is a local collaboration of community organizations united to help keep our rivers and residents safe from unused medications. Founded in 2010, Project Rx pulls together multiple community resources to hold take-back events semi-annually. As a safe alternative to flushing unwanted medications down the drain, or leaving them at home within the reach of the wrong hands, this program allows Upstate residents to bring prescriptions, over-the-counter medications, vitamins and supplements for a free and anonymous disposal... the perfect remedy for our community.
